### 28th Annual Collector's Edition Poster Featuring Pete Fountain

For the 2011 poster, renowned local mixed-media artist, Tami Curtis-Ellis, draws inspiration from legendary New Orleans clarinetist, Pete Fountain and the French Quarter Festival All-Stars band including coronetist Connie Jones and clarinetist Tim Laughlin. Tami brings the food, music and culture to life by including elements that personify New Orleans and the French Quarter through her use of rich color, multi-dimensional paint application and spontaneous brush stroke technique.
